

10 February 2021

Dear Parents

COVID SCREENING PROCEDURES

We hope that you are all healthy and safe. As the new school year starts, it is of the utmost importance that we adhere to all the necessary health and safety protocols. As a school, we will be taking the necessary precautions to ensure the safety of our learners, staff and teachers.

The school will make use of Google Forms to screen each child before they enter the school premises. A Google Form will be sent to you the day before your child is due at school. We request you to kindly submit the form timeously. If your child has one or more of the symptoms listed on the Google Form, your child may only return to school if the symptoms are gone and/or they do not test positive for Covid.

If your child has been in close contact with anyone that has Covid, they may only return to school after the necessary quarantine period has elapsed. If you have been in close contact with anyone who has tested positive for Covid then please keep your child at home until you are sure that you do not have Covid.

It is compulsory for your child to wear a mask. Upon arrival at school each child's temperature will be taken and recorded. If your child has a temperature above 37.5° you will be contacted to collect him/her. Please ensure that the office has your current contact details.

Thank you for your understanding and patience during this time. Let us continue to work together to keep each other safe. We look forward to welcoming your child to school next week.

Mr R Gombert
Educator in charge of Health & Safety
